OPTIONAL EXTRAS

Upgrade from XL-80 Ozone to UV ClearZone Water Sanitisation

The ultimate in spa sanitation. Uses a UV bulb chamber that destroys any impurities and bacteria that passes through and creates pure water. No chemical smell, red eyes or itchy skin. Some basic water care is still required.

I Touch Digital Touch Screen

Large 4.3" touch pad screen with intuitive menus. Optimised for use outdoors, the anti-glare and anti-reflective screen is easy to use with wet or dry hands. With software tailored for use with your Sapphire Spas, intuitive menus let you take control of every function with ease

WiFi App-Based Remote Control

The mySpaLINK App allows you to connect to and take control of your spa, locally or remotely via a WiFi, 3G or 4G network. Via your smart device, control all spa accessories including pumps, air blowers and LED spa lighting effects. Adjust the spa temperature, programme filtration, and sleep and power save timers.

V80 Pump

More than a 'basic' wave pump, Sapphire's varidrive80 pump offers touchpad control of 80 personalised jet pressures and three unique sequencing modes. Catering to all levels of massage requirements, the varidrive80 powers this entire lounge to treat from the upper back right down to your feet all whilst reducing your running costs. Stunningly silent operation.

Upgraded Blizzard Cover

Full heat seal with a 130-100 taper for added strength. The top stitched cover is aluminium reinforced. Includes 8 tie downs.

Heat Pump 5.5Kw (spa)

Heat Pumps \$2445 5.5Kw (spa) Reduce your heating cost by up to 75% with a dual core heat & cool pump. Power is sourced directly from the spa.

HiFi Sound (includes Wifi)

Four transducer speakers are used to feed your music through the spa shell and use water to amplify the sound. mySpaHiFi specifications: - high end digital audio processing - four channel, 50W per channel, stereo amplifier - 150W subwoofer amplifier - Bluetooth connectivity plus 3 x auxiliary audio input sources - dedicated spa side touchpad for control of all functions

Premium Cedar Steps - 850mm wide

Standard Cedar / Pine Steps – 850mm wide

Cedar Steps 1200mm wide

Durastep II (Plastic) - Compliments the Duratek cabinet spas Available in Espresso & Coastal Grey

Rock-it Cover Lifter

a very simple spa cover lifting device • works with square and rectangular spa hardcovers • rear clearance 500mm / side clearance 100mm • works with spas 762mm to 1118mm high • able to be self-installed (installation included when ordered and delivered with spa)

Premium Duratek Cabinet (2.1 - 2.7 metre spa)

A wood grain pattern on a horizontal panel matched with negative detail whilst giving the look of a modern finish

LIVE THE LIFE YOU DESERVE
